NOTES FROM THE RANGE

Howdy all. Well what was supposed to be our 22nd Annual turned out to be just another really good shoot. As most have heard by now we were kicked out of BLGC for the personal gratification of a few. We landed on our feet and are thriving in our new location. Frontier Sportsman Club has been very gracious to us and we are moving forward with what Cat House Bill started 22 years ago. Cowboy Action in the cowboy tradition.

It was a great turn out and we had several visitors come look us over and a new shooter join in the fun. We had a very nice couple come all the way from New Zealand to see how we shoot here. They said it was very much like how they shoot back at their home range. Another couple came out and enjoyed what they saw and will be coming back to shoot on the ground with us. They are mounted shooters looking for a new way to enjoy shooting. Also coming in and shooting with us for the first time was Mouse River Kid. Welcome all and we look forward to seeing you again soon.

We are still getting used to our new home so things moved a bit slower than normal but everything turned out great in the end. Thanks to everyone that helped set up and tear down today. Thanks to all that shot with us and those that always work to make the shoot happen. It is your

dedication that will make this club better than ever.

We shot 5 stages on a hot August day. As Snuffy says "It was hotter than corn bread", and it was. I have a different saying for it but as this is a family show I'll keep that one to myself. We had several people shoot clean stages and all kinds of fun thrown in. As some times happens that Ole Texas Star gave folks fits and others just breezed through it. The Chickens are still a fan favorite and everybody loves the swinging pistol targets. At least that's what I took from what they were saying about it. Family show, remember. Well on we went moving quick and having fun.

After shooting we sat down to a nice little pot luck meal. Another tradition we are going to continue. We don't have quite

the amenities we had before (no electricity) but we still encourage folks to bring a cold dish and enjoy the company. Some days a cool dinner is a blessing. Let's not let the little things slow us down, we are going to move forward.

We plan to build a dedicated action range there but that takes time and money so it may be a bit. If you can donate anything to help us along it will be appreciated. The target fund can be always there and time helping set up is always welcome.

Well I think I'll end this for now and get on with a long nap after several cold beers. No wait that's bed time. Oh well, until we meet on the range again; Never stir the fire with anything but a stick unless you're a really tough cowboy.

TG's Corner

Sorry I missed everyone this month. I am on an extended vacation/sabbatical and enjoying every minute of it. Unless plans change, I will miss the September shoot as well. However, I brought my guns with me and hope to shoot with a local group here in Ohio. As soon as the rest of the family joins me, we are heading to Lake Cumberland in Kentucky to spend some time on a houseboat.

As has been previously announced, we have officially moved to the Frontier Sportsman's Club. We are still in the process of getting settled in. Our target situation is great and but we need to do some work on getting some new props made. Come on out and check out our new home as soon as you can!

A reminder to Shaketails members that we have an election going on. You should have received a ballot that is due back postmarked by Aug 15. We need ballots back to pass the proposed Bylaws changes. Also remember that membership renewals are due starting with the September shoot. Without the revenue of the three day annual this year and the expense of moving, we need your support in any way you can. Please renew as soon as you can or consider joining if you are not a member.

Here are few pic's compliments of Haywire Snuffy and Midnite Slim. They have posted these on Facebook plus more. Take a look at: <http://www.facebook.com/Shaketails>.
