NOTES FROM THE RANGE

Howdy, Shootin' Hoosier here sitting in for Midnite Slim. He and Snuffy have been busy getting relocated into their new abode. We got by thanks to several folks that showed up early and lent a hand getting set up. Silverton provided the stages this month even though he was not able to shoot with us due to an ailing back.

I want to start out with important news about next month's shoot. Due to a schedule conflict that pre-existed our move to Frontier Sportsman's Club, we need to hold our shoot on the second Sunday in November (the 13th) for this one time only. The gate lock situation is changing a little as well. FSC will soon be permanently removing the lock on the first gate as soon as they come up with a way to keep the gate closed. The second gate will be left unlocked on shoot days. Both gates must be closed behind you when you come through to keep cattle on the adjacent property from wondering away or onto the shooting range.

Now back to the shoot - despite the fact that it was opening day for antelope season we had a decent turn out. We had several returning new shooters from last month plus a first time shooter that has not had a chance to pick an alias yet so he went by New Gun for the day. He had an excellent first shoot and I am sure had a lot of fun. It was also nice to see some

friends return we had not seen in awhile like Doc Cutter.

October weather treated us well. There were just a few clouds, no wind and the temperature was just right. The stages were pretty simple but I did notice some folks seemed to have a little trouble counting their shots on the Lawrence Welk Sweep☺ We also got to put our clay popper back into action providing the challenge of an aerial target.

Following a great day of shooting we moved over to the trailer where we set up a pot luck lunch. Lots of good food to go around. No one went home hungry.

Now to cover a few items of business. First, I am expecting SASS will be publishing the Territorial Governor's Summit agenda shortly. So far no hints as to what will be on it. As soon as I get

the agenda, I'll send it out to members to get feedback on how we want to vote.

For Shaketails members, another reminder that renewals are due. If you are not a member, please consider joining. We appreciate all the support we can get. Details are on the web site for those that want to send the renewal by mail. Go to the Shaketails home web page at: http://shaketails.net/Membership_App.htm

Speaking of membership, if you like what you see out at Frontier, now would be a good time to get your application in to get on the waiting list. FSC members renew at the end of the year so slots open up at the beginning of next year based on when you sent your application in and got on the waiting list.

Hope to see you all in November.
