

# RATTLER TATTLER

Volume 23 Issue 12

December 2012

## NOTES FROM THE RANGE

Well another year of shooting has come and gone. We could not have ended on a better note. The weather, though a bit, cool was as good as you could hope for in December. We had a good number of shooters out ringing steel and some pretty fair shooting. Congratulations go out to Bloody Lane for shooting a clean match. There were several others who shot one or more clean stages so maybe I need to make things a wee bit tougher next month. Or maybe not, depends on how good Santa is to me or how tight I get New Years Eve. No matter we will continue to have fun and ring steel throughout the coming New Year.

We had only 4 stages and they were pretty straight forward and simple. No run and gun and only one strange shooting order. I think everyone had a good time and we were finished in pretty good order. After the shooting we had our usual fine pot luck dinner after and got right down to the lying and bragging. It was a good day for shooting. We had a couple of new folks (to us) and some old shooters came back and joined the fun. Welcome El Pueblo we hope to see you again, Big Dave came out and had a good time & Bob Wire Rich got enough time off to join the shooting. There were a couple of interested folks come out to see what CAS is all about and we hope they come back to give it a try.

Now we are getting ready to start a whole new year and have more fun in the coming year. It was decided by the board to hold the Annual on the 3<sup>rd</sup> weekend in August this year. We will be getting information about that out soon. As for other happenings in the New Year, we will post those as soon as we know about them. Don't forget to keep an eye on the Skaketail's web site for cancellations due to weather. It has been very mild & pleasant for far too long so we are due for some rough weather soon. Hopefully we

will get all our shoots in without problems but Mother Nature can play heck with us. Well it's time for me to get back to makin' the doughnuts or actually working, not sure which, but one is as good as the other.

So, until we meet on the Range again; May Santa put good stuff in your stocking & what you want under the tree and may the Grinch steal only your coal.

Merry Christmas and a Happy New Year from all of us Shaketails to you.

*Midnite Slim*

## UPCOMING SHOOT

**Jan 6** Monthly Shaketails Shoot – Frontier Sportsman's Club. Setup 8:00 AM, Registration 8:30 AM and Safety Meeting at 9:00AM

## TG's Corner

You may have seen mention in the most recent Cowboy Chronicle of changes coming in the Regional program but there were no details at press time. SASS has subsequently sent out an email to clubs and has asked us to pass along that there will be a few changes in 2013; with the loss of a Regional, some changes in others, and a revamping of the Regional program and state distribution. The best way to get the details is to go the SASS website or you can jump straight to it at this link:

<http://www.sassnet.com/Regionals.php>

We had a really fun shoot to end what has been a great year for the Shaketails. We have learned some things over the past year in adapting to our new venue, especially in regards to the annual, which should make 2013 even better. I know I look forward to an even better 2013. We should have the date for the 2013 annual nailed down for sure after the Frontier Sportsman's Club board meeting next week. We anticipate approval for the 3<sup>rd</sup> weekend in August so mark your calendars and book your vacation days!

Finally, a reminder that if you are eager to see your score, I typically will post the score sheet on the Shaketails website a day or two ahead of the Tattler coming out. I try to post notice of that on the Facebook page.

See you in January and have a Merry Christmas and Happy New Year!

## Shootin' Hoosier

## Wal-Mart at Parker Colorado;

Is now carrying reloading supplies!

Due to the efforts of a young Dept. Manager at the Wal-Mart and a 2nd amendment supporter, she has gotten the corporate offices to allow her department to carry supplies for reloading.

They are carrying a good supply of powder that will fit most uses, along with a good supply of primers. They also have a good array of bullets, loading dies and a few other pieces of equipment for reloading. This is only about the third store in Colorado that does carry reloading supplies.

It has been suggested if this proves out, then firearms may be in the works. So all of those in the area drop by and look things over and make suggestions on what you might need and buy something. We need all the suppliers that we can muster.
