## NOTES FROM THE RANGE

Another shoot has come and gone and what a good time we had. Lots of new folk out shootin' and lots of steel ringing. The stages were simple yet tough enough to challenge all. There were quite a few clean stages shot and I think everyone had a real good time. It is starting to get hot on the range and it is going to continue to get hotter. I would advise everyone to bring plenty of water to the range when you come. Some folk were lookin' a little peaked towards the end.

We did have several new shooters come out and join us for the action. Ellen Oakley and L.T. Gray, Angry Tom, Rampart Wrangler & Aaron Hackman. We welcome all of you and we hope to see you again soon. Star Shot & K-K made it out and joined in the fun too. Nice to see you guys. Vacations and other personal thing kept others from joining in but we are moving up again and will have some good numbers again soon. Every one stepped in and helped to keep moving things along. All in all it was a fine day of shootin' and I look forward to many more.

We had 25 total clean stages shot this weekend and I think that is a record for us. Yaro, K-K and Haywire Snuffly led the pack with three clean stages each. Several others had 2 each, including me,

which just proves that even a blind squirrel finds an acorn once in a while. And there were quite a few single clean stages shot. Congrats to all.

We are continuing to move forward on plans for the Annual, which is coming up faster than you think. Only 2 months left until August. The registration forms will be out soon and we will be filling up posses. I think we will have a real fun time. Included this year is our first night shoot side match. A few of us went down Saturday before the shoot and practiced shooting at night. It is definitely challenging. Shootin' Hoosier got some

pictures of some black powder at night and it is cool. Makes me want to get some black powder and dirty up some guns. Nah, then I'd have to clean them too, oh well. We will need waddies and other folks to help with the Annual. There is always something needing done.

Well time to close out and get back to the regular grind. I am lookin' forward to seeing everyone again next month. So until we meet on the range again, keep your powder dry and the wind at your back.

## TG's Corner

I am including the registration form for Shaketail XXII in this month's Rattler Tattler to be held August 3-5. It really helps us plan better if we know how many shooters to expect. Try to get registrations in early or send an email to let us know you intend to register so we can get a head count. It is also an option to register just for the night shoot Saturday evening.

Speaking of the night shoot, we did some experimenting last weekend to figure out what works. I am including some pictures of Silverton shooting his black powder loads! I also put them up on facebook for those that want to take a look there. It should be a lot fun!
