October 2012

NOTES FROM THE RANGE

Fall is here and it definitely showed this weekend. I wasn't real sure if we were going to enjoy shooting or not. With the cold front Friday and Saturday we were hoping for a good warm up. It surely turned out to be a beautiful day to shoot. We got through 5 stages and had a good time. Next month will be 4 stages as the time changes and the weather could be much worse but we are hoping for as good a day as Sunday was.

The shooting was good and the stages were fairly quick but I need to stop putting them chickens in the shoot. Or maybe I need to learn how to shoot my shotgun better, nah it can't be me. The only low spot in the whole shoot was there were several of us, (including me) that slipped a bit on the safety. It happens to all of us at one point or another and all we can do is learn from it and move on. It is every ones responsibility to watch for safety violations and point them out and we all need to be as diligent as possible to keep them from happening. Other than that it was a real fine shoot and we will have many more to come. There were several new shooters that came and some folks we haven't seen for quite a while that came back. We would love to see more of both. I feel we have the best group of shooters around and I enjoy our shoots very much.

It may seem a little early to start talking about the Annual but we are looking into what we are going to do for next year and would like some input from the members to let us know what you would like to see happen. We have heard that there will be competition

for the weekend we have always shot on again this coming year. There has been some discussion about moving to another month for the annual or possible moving to later in August. The board has not come to any decision yet because we want feedback from the shooters. So please let us know what you think. If you have any other thoughts about what you want to see at the Annual or at the monthly shoots don't be shy, put it out there. The worst that could happen is we try it and it doesn't work. I do that on a regular basis.

Next month we will go to four stages and the time change happens on our shoot day.

So I may have to have half a dozen of you call me to get me around and out of the house a bit quicker. Remember to set your clocks back and come out to shoot. As for now stay warm and get ready for winter, hopefully we will not lose any shoot days to the weather. So always check the website and look for E-mail alerts about weather cancellation or later start times.

Time for me to get ready for the work week and head into town. So until we meet at the Range again; Keep your powder dry and your mind focused.

Midnite Slim

UPCOMING SHOOT

Nov 4 Monthly Shaketails Shoot – Frontier Sportsman's Club. Setup 8:00 AM, Registration 8:30 AM and Safety Meeting at 9:00AM

TG's Corner

I forgot my camera this month but I did have my phone so the iPhone came to the rescue for pic's. Clinch Cutter pointed me to a CAS iPhone scoring app. I would be interested in hearing from anyone that has tried it or seen it in action. Could be a time saver.

It was really good to see old friends Marshall Ransom Payne and Calico Glo come out to shoot with us this month. Smokey Pine Kid also came out to shoot with us for the first time. We hope you had a good time and to see ya'll back soon! We also had some enthusiastic observers that I am sure will be back to give cowboy action shooting a try. I want to thank Kinchafocnee Kid for officially joining us as a Shaketail member. It really helps us out. Information on memberships is on the webpage.

We did some promotion at the Prospector Sertoma Gun Show last month. We let a lot of folks know we are here and what CAS and SAS are all about. Thanks go to John Henry for taking the lead to organize the event.

We are getting into that time of year when the weather can cause a shoot cancelation. Watch the website, email and Facebook page for notice of cancelation.

See you in November.
